SUMMARY

I am a passionate 3rd Computer Science Engineering student with a solid foundation in MERN stack development. I am eagerly seeking an opportunity to apply my full-stack skills in a web development internship, particularly focusing on crafting modern applications with React. Currently, I am immersed in learning about microservice architecture and am excited about its potential applications.

TECHNICAL SKILLS

Frontend: HTML, CSS, JavaScript, React

Backend: Nodejs, Express, Django

DevOps: Docker

Cloud: AWS

Programming: Python, JavaScript

PROJECTS

Created an online HTML/CSS/JS renderer using, React,

- Developed a web-based compiler for HTML/CSS/JS /React

TeriProfile

Built a portfolio website using HTML/CSS/ Javascript, designed to resemble a terminal with features such as command history navigation and autocomplete.

- Developed a portfolio website with a terminal-like interface using the React
- Implemented features like command history navigation with up and down arrow and autocomplete on tab for improved user experience

PkBookstore

Created an online HTML/CSS/JS renderer using , React, Express, and MongoDB with Shadcn UI and Tail- wind.

- Developed a web-based compiler for HTML/CSS/JS using TypeScript, React, Express, and MongoDB • Utilized Shadcn UI and Tailwind CSS for the user interface design
- Used Redux for global state management

EDUCATION

BTECH, CSE-cloud computing		2025
Parul Institute of Technology	6.25 CGPA	
HSC, 12th		2021
N.N College Singhara Vaishali	70%	

HOBBIES

- Coding
 - Drawing
